Emily Carlisle
3723 Flowood Drive
Flowood, MS 39201

Dear Emily Carlisle:

It especially pleases the Governor to see that you are interested in the debate over school vouchers. Your views were very well expressed in the letter. Your thoughts on the effects that the voucher program will have on the educational standards of public schools was very impressive. It is important that the voices of our youth be heard on this issue, after all the effects of the school voucher program will have the biggest impact on the students.

Very truly yours,

Kelly L. Riley
